@ : In case of Upper Primary classes, all the states have not reported data for Class VIII.

Note: Enrolment data as has been received from the states. Coverage in case of a few states is observed incomplete. The same if used in estimating enrolment based indicators, such as GER & NER may not present the true picture of universalisation. The indicators may therefore be analysed in the light of these limitations. The limitations are also applicable to all other enrolment based indicators & tables presented in the document.
